One high power LED bulb outputs 250 lumens of light (bulb rated for 110,000+ hours of life)
Primary and secondary lighting modes
4x adjustable zoom changes the light from spot to flood
Anodized aircraft grade aluminum water-resistant compact body design
Magnetic base for hands-free lighting
Aggressive self-defense face
Rear glow-in-the-dark button
Steel belt clip
Battery indicator causes the button to glow red when battery life is less than 20%
Heat-sink bezel design disperses heat from the bezel during extended periods of use
Signature red ring enhances each of the different lighting modes
Convex lens evenly distributes the light without dull or dark spots

80466: NEBO RedLine SE 250 Lumen Flashlight: 5615

One high power LED bulb outputs 220 lumens of light (bulbs rated for 110,000+ hours of life)
Emergency strobe mode
S.O.S. Flash Mode – LED flashes S.O.S. Morse Code sequence
Anodized aircraft grade aluminum weather-proof body design
Magnetic base for hands-free lighting
Aggressive self-defense face & Rear glow-in-the-dark button
3 Power Levels of Brightness
100% = 220 Lumens - 150 yds - 4 hours
50% = 110 Lumens - 65 yds - 8 hours
10% = 22 Lumens - 30 yds - 15 hours

80462: NEBO Redline LED Light, 220 Lumen: 5557

One high power LED bulb outputs 75 lumens of light (bulbs rated for 110,000+ hours of life)
5 powerful Green LED's output 9 lumens (bulbs rated for 110,000+ hours of life)
5 powerful UV LED's output 2-3milliwatts (3.4-3.6V; 20MA.) (wavelength: 410-415nm) (bulbs rated for 110,000+ hours of life)
Red laser pointer travels over 450 yards
Emergency flasher function – Green LED's in flash mode
S.O.S. Flash Mode – All lights and laser in S.O.S. flash sequence
Anodized aircraft grade aluminum water-proof body design
Magnetic base for hands-free lighting
Aggressive self-defense face & Rear glow-in-the-dark button

80460: NEBO CSI Quartro, 75 Lumen: 5520

One high power LED bulb outputs 35 lumens of light
(bulbs rated for 110,000+ hours of life)
Anodized aircraft grade aluminum water-resistant compact body design
Aggressive self-defense face
Steel clip
Rear glow-in-the-dark button
Rubber grip for non-slip grip and comfort

80464: NEBO CSI Edge LED, 35 Lumen: 5519

Stretchable pouch to ensure a secure fit for your flashlight
Belt/Pocket clip allows for easy access
Metal carabiner allows you to clip holster on just about anything Reinforced holster backing to ensure protection, durability and structural strength

80463: NEBO CSI Flashlight Holster: 5089

8 LEDs output 60 lumens of light
(bulb rated for 110,000+ hours of life)
Rotating magnetic clip
Recessed LED housing
Water-resistant reinforced plastic body design
Output – 60 lumens
Height – 6.375”
Weight – 0.235 lbs.
Batteries – Three AAA Batteries (included)

New

80482: Nebo 5618 The Larry 8 LED Pocket Work Light

One high-powered CREE® Q5 LED bulb outputs 190 lumens of blinding light (bulb rated for 110,000+ hours of life)
Recoil-proof LED
Anodized aircraft grade aluminum weather-proof compact body design
3 hours of continuous illumination
One-Finger On/Off switch
No tools required
One CR123A battery included
2 lighting modes:
- 100% white light (190 lumens)
- 100% white light in strobe mode

New

80472: NEBO PROTEC ELITE HP190: 5569

One high-powered CREE® Q5 LED bulb outputs 230 lumens of blinding light (bulb rated for 110,000+ hours of life)
Recoil-proof LED
Anodized aircraft grade aluminum weather-proof compact body design
3 hours of continuous illumination
Ambidextrous On-Off switch
No tools required
3 lighting modes:
- 100% white light (230 lumens)
- 50% white light (115 lumens)
- 100% white light in strobe mode

New

80470: NEBO Protec Elite HP230: 5567

New

One high-power CREE® Q5 LED bulb outputs 190 lumens of blinding light (bulb rated for 110,000+ hours of life)
Recoil-proof LED
High-visibility 5mW / 650 nm red aiming laser
Anodized aircraft grade aluminum weather-proof body design
3 hours of continuous light
Ambidextrous On-Off switch
No tools required
One CR123A battery included for light and three AG5 Button Cell Batteries included for laser
2 lighting modes
- 100% white light (190 lumens)
- 100% white light in strobe mode

80471: NEBO Protec Elite HP190LS W/ Laser: 5578

Features
- 8 LEDs produce 96,000 MCD, visible at 30ft (9 meters) (bulbs rated for 110,000+ hours of life)
- Red laser pointer travels over 450 yards
- Anodized aircraft grade aluminum water-resistant compact body design
- 20 hours of continuous light
- Mounts on vented or plain barrel shotguns
- No tools required
- Pressure Switch for activation
- Rear cap for normal use
- 4 lighting modes:
  - Light
  - Laser
  - Light with laser
  - Light in strobe mode

New

80475: NEBO Protec: 5565

* Length 1.50 in. (38.1mm) / Weight 4.9 oz. (139g)
* Water Resistant Yes
* Beam Candlepower 10,000 PBC (6,000 PBC with LEDs)
* Tested Lumen Value 14 lumens (9 lumens with LEDs)
* Lamp Type Xenon/LED
* Battery 3 each AAA
* Battery Life, Continuous 2.0 hrs. (80 hours with LEDs)
* Amps 0.34 amps (0.09 amps with LEDs)
* Volts 4.5 volts / Watts 1.53 Watts (0.405 Watts with LEDs)
* Includes Batteries, cloth and rubber straps included

72229: Pelican Headsup Lite 2620

*** MSHA Approved ***

The new photoluminescent material in the plastic absorbs the energy from any light source - fluorescent lights, the sun, or even the flashlight's own beam. No more fumbling in the dark for your flashlight. It is powered by 3 C alkaline cells, submersible to 500 feet, and has an ABS resin body which resists chemicals, corrosion, and extreme temperatures.
* Peak Beam Candlepower: 12,000 / Tested Lumens: 33
* Watts: 3.33 / Battery Burntime: 4 - 5 hrs. / Color: Yellow
* Lamp Life: 30 hours / Size: 7 13/16" in length

72221: SabreLite 2000 Photoluminescent Flashlight *** MSHA Approved ***

Features include a bright Halogen bulb, adjustable swivel stands, removable carrying strap, and dual recharge, either by AC/DC adapter or 12V DC car plug adapter (both included).

THOR X Magnum 18 Million Candlepower Spotlight
Features 2 power levels - dim and spotlight!
Bulb Type: 130 Watt H4 Halogen.
Burn Time: Spotlight, 40 Min. 15%; Dim Light, 50 Min. 15%.
Light Output: 15 Million Candlepower. Battery: 12V 7 Ah Lead Acid.
THOR X Scout 6.5 Million Candlepower Spotlight
Bulb Type: 100 Watt H3 Halogen. Burn Time: 40 Min. +/- 15%. Light Output: 6.5 Million Candlepower. Battery: Two 6V 4.2 Ah Lead Acid.

47750: Cyclops THOR X Rechargeable Spotlights / Scout 6.5 Million Candlepower
47551: Cyclops THOR X Rechargeable Spotlights / Scout 15 Million Candlepower

The unbreakable ABS body resists chemicals, water and corrosion. The polycarbonate lens and focused Xenon lamp module produce a tight white beam that penetrates smoke and fog. *** MSHA Approved ***

72234: PeliLite™ 1800 Flashlight / MSHA Approved

A.

- 100% Kevlar®
- Nitrile coated palm and fingertips
- Color-coded hem
- EN 388 = 4232; ANSI 2, 629 gms

The Tie Down is available in two sizes: 3”-5” hole size and 6”-11” hole size. It is constructed of lightweight aluminum, you simply attach your tether and you are ready to work. Complies with OSHA, ANSI and MSHA standards.

78203: Tie Down / Fits 3” - 5” Drill Hole / 48” x 12” x 12”
78204: Tie Down / Fits 6” - 11” Drill Hole / 48” x 14” x 14”

* 1" Nylon webbing is light and durable
* Length - 6’
* Clear shock absorber pack for easy inspection
* Easy to use self double locking snap or rebar hooks

The Polydac rope is 30’ in length and is 100% resistant to rot or mildew even if stored wet. Polydac rope absorbs more energy than any other type of rope available today, 12 times as much as Manila and 50% more than polyester.

New

* Secures the connection between your workers and their anchorage points
* Self-locking steel carabiner possesses a minimum strength of 5,000 lb.
* Complies with OSHA, ANSI, and CSA standards

A. 78202: Lanyard 6’ with Shock Absorber
B. 78200: 30' Polydac Rope w/ Snap-hook end on Both Ends
C. 78198: Steel Carabineer Connector - 7/8" Opening

The 5-point HUV has an anti-slip back placard for a more comfortable and longer lasting product. The harness comes with an impact load indicator that identifies a product that has been involved in a fall.The back D-ring is our Super Sized D-ring which is compatible for safe connection to any manufacturers ANSI compliant fall protection system. The safety strap in the back of the harness is an added safety feature that keeps the user from potentially falling out of the harness.

78201: HUV Full Body Harness

* Class 2 Hi Visibility material
* Polyester material is specially coated to resist fading from UV Rays
* Meets standards for ANSI/ISEA 107-2004 for roadside work
* Eliminates the hassle of wearing standard body harnesses over reflective
* Zip-in fleece liners are available for all Tux harnesses (see link - upper right)
* Harness is built into the vest to create a no tangle body wear system
* Leg straps zip into the back of the harness for storage
* Dorsal & Side positioning D-rings are standard
* Impact indicator

78221: Guardian Hi-Vis Construction Tux Vest Harness / Specify Size When Ordering

* Harness is built into the vest to create a no tangle body wear system
* Leg straps zip into the back of the harness for storage
* Dorsal & Side positioning D-rings are standard
* Impact indicator
* Durable zipper
* Notched pass-through chest and leg buckles fasten without twisting
* Available in many different styles and colors for versatility
* Comfortable and breathable mesh, or durable cotton duck material
* Blue Duck Tuxes can have a mesh or fleece lining
* Washable materials
* Available with shoulder D-rings for rescue and retrieval

72811: Guardian Mesh Construction Tux Vest Harness / Specify Size When Ordering

Hi-Vis Economy Safety Vest, Lime
Go economy without sacrificing high visibility - for full worker protection.
* Lightweight, breathable mesh and generous fit design offer maximum comfort
* Features hook and loop front closure and elastic side strap
* Bright, fluorescent color easily provides high vis

69695: Hi-Vis Economy Safety Vest, Lime / Specify Size When Ordering

Hi-Vis Class 2 Safety Vest
Don't cut corners on essential traffic safety clothing.
Generous fit design offer all-day comfort
* Durable knitted material and generous fit design offer all-day comfort
* Hook and loop closure assures a secure fit
* 2" 3M Scotchlite horizontal stripes ensure maximum

69696: Hi-Vis Class 2 Safety Vest, Lime / Specify Size When Ordering

Hard Hat Features:

- 4 Point Ratchet Suspension
- Shell constructed from High Density Polyethylene materials
- Low Profile design
- Rain trough on sides and back of helmet channel moisture away.
- Universal slots fit cap mounted ear muffs and chin straps.
- Ratchet suspension is easy to adjust while wearing the hard hat.
- Meets ANSI Z89.1-2009 Standards, Type I, Class C, G, and E CSA Z94.1-05
- Soft brow pad is replaceable and washable

A.

B.

A. 15044: Cap Style 4 Point Ratchet Suspension
B. 15060: Full Brim Style 4 Point Ratchet Suspension

Medium Weight Quilted Winter Liner with Fleece Lining
Made for cold weather and cold working environments
This WeatherGARD® liner is quilted for warmth and has soft fleece lining. Comfortably fits under welding helmets, hard hats, hoods, and caps. Liner is made of naturally flame retardant fabric and features back reflective strip for increased visibilityHook and loop suspension straps securely attach liner to hard hats, caps, or welding helmets Sewn-in elastic in forehead area assures a snug fit

69434: Medium Weight Quilted Winter Liner with Fleece Lining

Sleek in-line ratchet adjustable temples provide perfect fit.
Fashionable, soft rubber straight back temples.
Exceeds ANSI Z87.1-2003 High Impact Requirements
Offers protection from excessive glare
99% protection from harmful UV-A and UV-B rays.
100% polycarbonate Scratch-resistant lenses

38151: Mayan Safety Glasses : Gray Lenses
15041: Mayan Safety Glasses : Clear Lenses

Single lens encases your eye/cheek for maximum protection.
Soft, non- slip rubber nose piece and adjustable temples.
Exceeds the ANSI Z87.1-2003 High Velocity Impact Standards.
CE EN 166 Certified
Offers protection from excessive glare.
Scratch-resistant lenses
Provides 99% protection from harmful UV-A and UV-B rays.
100% polycarbonate lenses

15049: Intreped Safety Glasses : Gray Lenses
15052: Intreped Safety Glasses : Amber Lenses

9.75 base curved lens provides full side protection without distracting seams or traditional type side shields
Nose buds secure the glass and prevent slipping while providing a pillow soft fit.
Exceeds the ANSI Z87.1-2003 High Velocity Impact Standards.
Venture II Ballistic passes MIL-PRF-31013 Ballistic Standards
Commonly used in outdoor applications.
Offers protection from excessive glare.
Provides 99% protection from
harmful UV-A and UV-B rays.
100% polycarbonate Scratch-resistant lenses

80831: Venture II Ballistic Saftey Glasses, Gray Lenses
80833: Venture II Ballistic Safety Glasses, Clear Lenses

Flame resistant foam padding forms a seal to keep out dust and airborne particles.
Interchangeable temples/strap.
Quick Fit retainer for easy on/off of strap.
Design allows air to flow freely reducing heat.
Black Ballistic Nylon Case for Storage.
Meets ANSI Z87.1-2003 High Velocity Impact.
XSG Ballistic passes MIL-PRF-31013 Ballistic Standards.
Interchangeable Lens:
Clear Ballistic, Gray Ballistic, Amber Ballistic Lenses.
All Lenses are Anti-Fog
XS Ease Replacement lens system.
Offers protection from excessive glare
99% protection from harmful UV-A and UV-B rays.

80830: XSG Ballistic Goggle Kit With Interchangeable Lenses: Gray, Amber, Clear

Disposable earplugs Features:
DP1000 Polyurethane Disposable Corded Earplugs
Plug gently expands and self adjusts to all size ear canals.
Un-Corded plugs-200 per dispenser box.
NRR 31db.
ANSI S3.19 Requirements
CE EN 352-2-2002 Certification

72160: Disposable Foam Corded Earplugs

Protection for up to 25 people
Great for small offices and jobsite
Sturdy, weatherproof kits have a wide variety of first aid items to use in workplace emergencies
Convenient kit treats up to 25 people
Kit measures 9 5/8"W x 6 1/4"H x 3"D

15011: 25 Person ANSI Compliant First Aid Kit

Designed for maximum traction to grip tire and pavement and prevent equipment from rolling
Won't cause tire or macadam damage
Measures 9 1/2" x 7 3/4" x 6 1/4"

33987: Reinforced Pyramid Wheel Chock with Eyebolt

The fifth wheel lock is a one piece unit with built-in lock and a cylindrical design.

14999: Fifth-Wheel Lock

High visual deterrence / Unauthorized use deterrent
Steel construction resists sawing, prying, hammering
New solid steel hooks for even greater security
Additional length added to this Club for more secure fit in larger SUV's and Trucks
3 Laser encrypted keys cannot be copied
Patented, self locking mechanism for quick

15030: The Truck Club

Alert traffic to danger or highway equipment ahead with this handy, all-in-one safety triangle kit.
- Warning triangle easily unfolds from weighted tubular base
- Air-flow design helps reduce wind resistance
- Wire bracing controls tilt even in extremely windy conditions

33989: Highway Traffic Safety Warning Triangle Kit

Long term reliability
Compact size
Three available wiring options
Heavy duty plastic housing
Industry-standard mounting holes
Amp Draw: 0.3 amps
Dimensions: 4-1/16 W x 2-5/8 H x 1-5/8 D

73662: 64 Series Backup Alarm / 12v-36v DC

Constructed of aluminum and completely Non-sparking.
The Heavy Duty "Z Bar"Save-A-Load is the premier cargo restraint device on the market today.

* The ONLY hydraulic load bar
* Hydraulic tested over 30,000 uses
* 8.8 pounds...the lightest ever!
* Lifetime warranty on hydraulics
* Will not freeze up
* Will not damage trailers
* Safe and easy to use

Custom Lengths available, call for details.

14983: Save-A-Load Aluminum Load Lock, Large / Fits: 83” - 114”
14984: Save-A-Load Aluminum Load Lock, Small / Fits: 47” - 75”
14979: Save-A-Load Hoop for Large size Load Lock (Not pictured)

Aluminum Adjustable Conveyor Tripod
!2” wide and 23” to 39” Range in Height

Skate wheel conveyors offer smooth movement of multi-sized material. 2" diameter ball bearing plated wheels and 3" axle centers. 2-1/2" x 1" x 1/8" aluminum channel frame with hook and rod coupling is lightweight for portability and corrosion resistant. To increase the capacity of 10 ft. sections add center leg support and capacity is equal to two 5 ft. lengths. Capacity is 50 lbs. per wheel.

15201: Aluminum 10' Long Straight Section Skate Wheel Conveyor
15026: Aluminum Adjustable Conveyor Tripod

Industrial Uses
CLEANS build-up and adhesion of all types of soils and contaminants, including varnish, carbon deposits, chemical residues, sludge and rustor material that is generated externally, such as scale, welding slag, rust, and machining and metal debris.
PENETRATES to free rusted, corroded frozen parts and fastners like nuts, bolts, fittings, valves, locks and other rotating parts. Restores metal to its original shine.
PROTECTS against rust and corrosion and keeps parts friction-free leaving behind a microscopic protective film that remains on the metal even after repeated use, harsh environmental conditions, and long-term storage. Seals moisture out, puts lubricant in.
LUBRICATES all moving parts such as wheel bearings, hinges, rollers, chains, and gears and completely waterproofs machinery wiring, ignition systems, and circuitry.

80390: GIBBS Penetrating Lubricant

StrikeAlert, alerts with an audible alarm sounds when there's a strike and a corresponding LED light illuminates accordingly at lightning distances of 20-40 miles, 12-24 miles, 6-12 miles and within 6 miles.

Features:

-Power Switch -Battery Check
-Normal Operation -Detecting Lightning
-Storm Direction -Interference

For More Information, please visit our website:
www.blasterstool.com

15010: StrikeAlert - Personal Lightning Detector

Storm and Lightning Detection Range - 75 Miles (120 km in metric version)
Automatically Displays:
Range of Dection - Storm approach speed
E.T.A. at User Location - Time to Clear
Severe Storm/Squall Line Detection

New

Computer analysis and detection of squall lines and severe storm cells
Automatic background noise analysis and filtering
Warning modes:
Text messages via 2 x 16 LCD - Red LED Warning light - Audible tone
Connector for external alarm
User selectable warning modes and frequencies
Power supply: One 9V battery (50 Hours+ of operation)
120 VAC adapter
Size: 6.4" x 3.4" x 1.5"; Weight: 14 oz.

For More Information, please visit our website:
www.blasterstool.com

73630: Thunder Bolt Utility TB-U1 / Lightning & Storm Detector

This state-of-the-art detector signals a storm's approach up to 40 miles away and tracks the storm as it approaches, giving plenty of time to clear the field, leave the campground or get out of the pool.

Be warned by an audible beep tone and by 4 LED's ranged in miles, 0-3, 3-8, 8-20, 20-40. You can also select the range at which you wish to trigger the built-in alarm.

SkyScan's state-of-the-art electronics and full digital microprocessor are protected by a rugged weather-resistant housing permitting use in any typical outdoor application.

Powered by two 9V batteries, not included, or optional SkyScan AC adapter, or SkyScan 12V cigarette lighter.

For More Information, please visit our website:
www.blasterstool.com

73653: SkyScan Lightning Detector

EWS-Pro Features:

* Severe thunderstorm alert that warns of approaching large storm cells.
* Digital microprocessor with dual antenna receiving system.
* Powered by built-in 12 volt rechargeable battery. One overnight recharge lasts 3 to 4 weeks and charger is included. Low battery indicator tells when time to recharge.
* Loud 95 decibel alert horn, with adjustable range setting. Switch horn on or off.
* Anti-false signal filtering warns user of any possible interference.
* Identification software discerns and eliminates alerts to harmless cloud-to-cloud events.
* Covered by manufacturer's One Year Limited Warranty.
* Rugged weather-resistant case.

New

Siren controller
- Yelp, Wail, Air Horn & Micro-phone
- 12-volt / 50 watts maximum output
- L 4” x W 3-3/8“ x H 1“
- Metal case and mounting bracket
- Weight 1.5 pounds

Speaker
- 100-watt
- L 7-3/8” x W 6-1/2“ x H 4-1/2“
- ABS plastic bell
- Metal mounting bracket
- Weight 6 pound

73663-50: Model 4000 Alert™ Electronic Siren & P.A. System 50-watt

For More Information, please visit our website:
www.blasterstool.com

- 12-volt / 100 watts maximum output.
- L6 in. x depth 7-1/2 in. x H 2-1/2 in.
- Current: 7.0 amperes maximum volume (HI-LO siren).
- Case is all metal black enamel painted.
- Adjustable metal chrome plated swing bracket, provided.
- LED illuminated front control panel.
- Noise canceling microphone.
- Power harness is six-(6) ft. in length with inline fuse-holder.
- Weight 4 pounds
- Wail – 20 cycles/min,Yelp – 180 cycles/min, Hi-Lo – 60 cycles/min

New

73654-100: Model 4100 The Deputy 3-Tone Siren / 100 Watt

With the ability to run at 200 watts for extended periods, the SS700 sets the standard for emergency vehicle sirens.

- LED speaker diagnostics
- Wail, Yelp, Air Horn, Phaser, Manual, and Two-Tone
- Self-resetting circuit protection against speaker shorts
- Integrated public address microphone
- Park Kill Input & Auxiliary input
- Positive locking wiring harness included
- Replaceable jumpers for option selection
- Positive and negatice switching for AUX and PKILL inputs
- High and Low voltage shutdown protection
- Drives one or two 100 Watt speakers

For More Information, please visit our website:
www.blasterstool.com

73654-200: SS700 100/200 Watt Siren: 5 Tone

For More Information, please visit our website:
www.blasterstool.com

Small in size but big on power, the SS650 is ideal for volunteers and vehicles with limited mounting space.

- Wail, Yelp, Air Horn, Phaser, Manual
- Self-resetting circuit protection against speaker shorts
- Auxiliary input
- Positive locking wiring harness included
- Replaceable jumpers for option selection
- Positive and negative switching for AUX input
- High voltage shutdown protection
- Drives one 100 Watt speaker

73663-100: SS650 100 Watt Siren: 3 Tone

The model 4002 is a 100-watt RMS speaker that works with most electronic sirens.

- 100-watt
- L 7-3/8" x W 6-1/2" x H 4-1/2"
- ABS plastic bell
- Metal mounting bracket
- Weight 6 pound

For More Information, please visit our website:
www.blasterstool.com

73655: Model 4002 Siren Speaker 100-Watt

New compact high performance speaker Model 4003 is designed for easy versatile mounting, especially in tight under the hood applications using the heavy-duty steel swing bracket that is provided.

- Dimension: L 7 in. x Depth 3 in x H 6 in. (measured with bracket)
- 100-watt output, 8 Ohms
- Weight with bracket: 6.80 Lbs.

For More Information, please visit our website:
www.blasterstool.com

73664: Model 4003 Compact Siren Speaker 100-Watt

- A consistent 130 decibels for over 500 pulls (then simply recharge the battery)
- Reliable in a broad temperature range: -20oC to 45oC (0oF to 113oF)
- No more lost productivity while looking for another full can of gas
- Pay for it within 6 months*
- Save $500 in the first year of ownership
- Save $1,000 every year thereafter

(*Based on using one can of compressed gas per week. Payback is shorter and savings are greater if you use more than one can per week.)

New

49159: HORNET 'S' Series Signal Horn - Kit
(Includes: Horn, Charger, Battery, 12v Inverter, User Manual and Case)
49159CHG: Battery Charger (110/220 volt AC)
49159BAT: 14 volt rechargeable lithium-ion battery
49159INV: 12 volt inverter
